Regarding: **MiTek Builder Technology Summit 2017**

MiTek is a People First company and your safety is our priority. The 2017 MiTek Builder Technology Summit is CANCELED due to the damage and disruption caused by Hurricane Irma and potential for other storms in the area.

Your registration and your fee will be applied to the 2018 Summit; by doing so you will be automatically registered at the 2017 rate. The 2018 Summit will be held October 1 - 4, 2018 at the WigWam Resort in Phoenix Arizona. More information will be forthcoming.

In addition, to supplement the training we would have offered at the Summit, BuilderMT and Sales Simplicity will be offering a series of Fall webinars. These webinars will be offered on a repeating basis, so everyone will be able to access the classes at one time or another.

For attendees registered to attend the Sales Simplicity Training Track - I will be forwarding an additional e-mail with information on an opportunity to attend Sales Simplicity University, scheduled for next month.

Sincerely,

TOM GEBES

PRESIDENT | BuilderMT & Sales Simplicity
